Program description:

This program responds to the housing needs of Ontario residents in co-operation with the private sector, other ministries, and other levels of government. Activities encompass policies and programs covering all aspects of the housing market, including the direct delivery, maintenance, and administration of social housing for low- and modest-income families, senior citizens, and handicapped persons, to ensure access to appropriate and affordable shelter. Technical and administrative support is available to local community groups to assist them in the development and management of social housing. Concerns in the private rental and ownership markets (new supply, conservation and making better use of the existing stock) are addressed through research and policy and program initiatives, all designed to improve market conditions and help the market to operate more efficiently.

To facilitate the development of short and long term multi-modal goods and passenger transportation policies, best suited to meet the transportation, social, economic, technological and institutional objectives of the Province. This will also include the support and encouragement of all aspects of municipal transportation planning activities.

To conduct research and development in areas of transportation and communications technology and industry to:

- increase Ministry effectiveness and efficiency
- improve Ontario transportation systems
- increase industrial productivity and economic growth.

To improve the effectiveness, efficiency and safety of highway transportation, by conducting research and development on the physical systems involved in the design, construction, maintenance and use of infrastructure facilities.

Program description:

To establish and operate an inter-regional transit system that serves the needs of the public within the Toronto Area Transit Operating Authority's region of jurisdiction and provides an efficient alternative to the private automobile, by acquiring land, equipment, buildings and fixtures to maintain service and by providing service growth on existing routes and new services as requested by Government, thereby reducing traffic congestion and reducing the pressure for highway expansion.

GO ALRT is a Provincial Government program utilizing state-of-the-art (advanced) technology to provide improved inter-regional rail commuter services in and around Metropolitan Toronto to meet transportation and regional development needs and at the same time create new employment opportunities in the engineering, construction and transit manufacturing sectors of the Ontario economy.

This program responds to the housing needs of Ontario residents in co-operation with the private sector, other ministries, and other levels of government. Activities encompass policies and programs covering all aspects of the housing market, including the direct delivery, maintenance, and administration of social housing for low- and modest-income families, senior citizens, and handicapped persons, to ensure access to appropriate and affordable shelter. Technical and administrative support is available to local community groups to assist them in the development and management of social housing. Concerns in the private rental and ownership markets (new supply, conservation and making better use of the existing stock) are addressed through research and policy and program initiatives, all designed to improve market conditions and help the market to operate more efficiently.

Program description:

The tax revenue aspects of this program are directed at maintaining the integrity of Ontario's self-assessing taxation systems which generate revenue flows to the Consolidated Revenue Fund. Compliance is encouraged through taxpayer information services, assistance, and deregulation while abuse and tax evasion are discouraged through audits and investigations. The tax statutes administered in the program are the Corporations Tax Act, the Income Tax Act, the Gasoline Tax Act, the Tobacco Tax Act, the Fuel Tax Act, the Succession Duty Act, the Land Transfer Tax Act, the Provincial Land Tax Act, the Retail Sales Tax Act, and the Race Tracks Tax Act.

Under the program income supplements are delivered to senior citizens through the guaranteed income system and property tax grants and sales tax grants are paid to eligible pensioners. In addition, the development of small business is encouraged through grants to investors under the Small Business Development Corporations Act.

The program also delivers information services and other administrative aspects of the Ontario Tax Credit System which generates property tax, and sales tax credits to low income tax filers under the age of 65 in order to relate these taxes and costs to the individual's ability to pay and provides political contribution tax credits to qualified tax filers in order to encourage participation in the political process.

Program description:

To establish and operate an inter-regional transit system that serves the needs of the public within the Toronto Area Transit Operating Authority's region of jurisdiction and provides an efficient alternative to the private automobile, by acquiring land, equipment, buildings and fixtures to maintain service and by providing service growth on existing routes and new services as requested by Government, thereby reducing traffic congestion and reducing the pressure for highway expansion.

GO ALRT is a Provincial Government program utilizing state-of-the-art (advanced) technology to provide improved inter-regional rail commuter services in and around Metropolitan Toronto to meet transportation and regional development needs and at the same time create new employment opportunities in the engineering, construction and transit manufacturing sectors of the Ontario economy.
